

California State Park Rangers Association

Providing advocacy and professional expertise since 1964 to ensure California State Parks can be enjoyed and protected.

WWW.CSPRA.COM

California has the largest and most diverse state park system in the world. CSPRA wants to work with you to ensure these resources are available for all to enjoy.

ASSOCIATION

State Park Professionals
Advocating for State Parks

WHO WE ARE

CSPRA is a non-partisan professional organization.

Members are employees and retirees from many classifications, including peace officers (rangers and lifeguards), maintenance workers, interpreters, guides, historians, scientists, and administrators.

CSPRA represents decades of experience

in the fields of public safety, park management, education, resource management, historic preservation, maintenance and grants administration.

We advance the highest principles of public service

and work to support, protect, and defend the integrity of the State Park System for present and future generations.

www.CSPRA.COM

CSPRA's accomplishments:

- Providing professional expertise in crafting and amending legislation
- Testifying on key legislation
- Addressing concerns over threats to the natural and cultural resources in State Parks
- Connecting members and the public through newsletters, social media, and annual conferences.

Reaching diverse park users throughout California

CSPRA also works closely with local and regional parks to advocate for access and enjoyment for all. CSPRA recognizes the need to encourage youth and non-traditional visitors to enjoy our incredible parks.

WE MAKE A DIFFERENCE
