Off-Highway Motor Vehicle Recreation 35-Year Anniversary Badge

In recognition of 35 years of Off-Highway Motor Vehicle Recreation (OHMVR), we are pleased to announce the authorization of a special commemorative OHMVR badge. This allows current State Park Peace Officers to wear the OHMVR commemorative badge in place of the standard Department badge from July 1, 2006 to December 31, 2007.

The purchase of this badge is optional and at the individual employees expense (an order form is attached). Because the badge has no visible ID number on it, State Park Peace Officers are reminded they must wear a visible nametag in accordance with Penal Code Sections 538d and 830.10.

The Off-Highway Motor Vehicle Recreation Program was established in 1971 to address the ever-increasing popularity of off-highway motor vehicle use in California, and to ensure that quality recreational opportunities remain available for future generations.

The OHMVR Division, under the California Department of Parks and Recreation, is the largest and most comprehensive program of its type in the United States. The program continues its commitment to provide safe, enjoyable off-highway motor vehicle recreation while balancing the need to protect the state's valuable resources.
